Major W. E. Marble, Division Ordnance Officer, photographed with a group of German kiddies at the American headquarters at Speicher, Germany. The youngsters daily besiege the American quarters for sweets, knowing that their pleadings for Yankee chocolates will not be denied. Note the cast-off army clothing worn by most of the youngsters. German fatigue caps, spiral puttees and even the heavy army boots. The two youngsters on the right appear to have also acquired a taste for cigarettes.

RHINE IS ONLY DEFENSE LINE SAYS GEN. FOCH

Field Marshal Declares France Has Fought in Vain Unless Rhine is Made Boundary

German Armies Had Been Crushed Before the Armistice was Signed, He Says

(By Associated Press)
Paris, March 21.—"The Rhine is our only line of defense. I do not demand annexation but if we do not secure that military frontier we will have fought in vain." This is a statement made by Marshal Foch quoted in the Matin today.

In discussing the last days of the war the Marshal says:

"It was the wonderful soldiers who gave us victory. My only merit was to have had faith and never to have despaired. We signed the armistice in spite of the crushing of the German armies to avoid killing even one more man and because it gave us everything necessary to a French victory."

(By Associated Press)
Berlin, March 21.—Three German steamers which were scheduled to sail on March 18th in accordance with the agreement reached at Brussels between Germany and the interallied food commission, have been prevented from leaving Hamburg owing to a resolution passed by seamen there refusing to operate ships demanded by the entente nations.

BANDIT CHIEF AT BAY

General Emiliano Zapata

General Emiliano Zapata, the noted Mexican bandit chief, who for more than ten years has terrorized the state of Morelos, south of Mexico City, has been driven into the mountains with more than two hundred followers, and his capture by General Pablo Gonzalez, commander of the government forces, is expected any day, according to a report from Mexico City. Zapata and his followers practically controlled the entire state of Morelos for years. But the campaign conducted by General Gonzalez has been successful and the state is again under control of Government troops.

Declares Acts of Congress Perverted by War Secretary.

(By Associated Press)
Kansas City, March 21.—Secretary of War Baker was accused directly of "aiding and assisting the I. W. W. International Socialists and Humanitarians in their program of blocking the construction of the army" by Major Dick Foster, member of the general court-martial which tried 135 alleged conscientious objectors at Camp Funston, in an address today before the City Club here.

This was done, he declared, "by extending and preserving the acts of Congress for the protection, comfort and solace of those obstructionists."

HINDENBURG IS STIRRING UP A HORNET'S NEST

(By Associated Press)
Berlin, March 21.—In Field Marshal von Hindenburg's statement explaining and justifying the flight of Emperor William, there was sharp criticism of Prince Maximilian the then chancellor, for publishing the facts of the Emperor's abdication without the latter's assent.

It is expected that this will bring forth a sharp rejoinder from friends of the chancellor who are pointing out that the Emperor left Berlin October 31st without consulting the chancellor, who vainly attempted at the last moment to induce the Emperor to stay in Berlin and later urged him to return in order that he might form his own judgment as to the extent of the crisis and the advisability of abdicating.

(By Associated Press)
Paris, March 21.—Carrying out its recent decision to take action for bringing about a cessation of hostilities between the Ukrainians and Poles the allied supreme council has sent a wireless message to commanders of both armies enjoining them to cause a suspension of hostilities on the Lemberg front immediately.

DECISION OF ITALIAN DELEGATES BRINGS BITTER CONTROVERSY TO A HEAD AND COMPLICATES PEACE WORK

Jugo-Slavs Insist That Their Possession of Fiume is Essential as an Outlet for Their Newly Formed Domain on the East Adriatic

ORLANDO SAYS FIUME ITALIAN CITY

No Disposition Manifested by Italy to Yield Even a Point in Controversy Which Has Been Under Way for Sometime

PARIS, MARCH 21.—(Associated Press)—The Italian delegation to the peace conference has unanimously decided to withdraw from the conference unless Fiume is assigned to Italy contemporaneously with the conclusion of peace.

The decision was reached at a meeting today of the Italian delegation. It was immediately communicated to the powers. Colonel E. M. House, of the American mission, promised Premier Orlando to present within a few days a project concerning the Italian-Jugo Slav frontier which he hopes will satisfactorily settle the dispute.

The decision of the Italian delegation brings to a head the bitter controversy between Italy and the Jugo-Slav states over the disposition of land along the Adriatic formerly part of the Austro-Hungarian empire which both nationalities claim.

Italy's claim originally included the Dalmatian coast with Trieste and Fiume, which latter city is the second principal seaport on the eastern side of the Adriatic. Recent reports have been that the Italian representatives were manifesting a disposition to make important concessions regarding the land along the Dalmatian coast providing the city and harbor of Fiume remained to Italy.

The Jugo-Slavs have been insistent the port be allotted to them, claiming it to be essentially a Croatian city and necessary to the new Jugo-Slav state, as affording the only feasible sea outlet for her commerce.

On the other hand there has been no disposition on the part of Italy to yield her point so far as Fiume is concerned. Her attitude was stated by Premier Orlando when he declared March 1st that while Italy remained "faithful to the spirit of conciliation which inspired the treaty upon which Italy entered the war," that did not mean she could remain insensible to the appeal reaching her from the Italian town of Fiume which was exposed to the loss of both its nationality and independence.

NO OPPOSITION ANTICIPATED BY TAX COMMITTEE

Plan for Special Election on May 24th is Expected to Meet With Approval by Solons Generally

(By Associated Press)
Columbus, O., March 21.—Members of the joint taxation committee expect very little opposition in the legislature to their tax program as agreed upon last night late, the effectiveness of which will depend in great measure upon the voters.

As agreed upon it calls for the enactment of emergency relief measures for municipalities and other taxing districts; resubmission of the classification amendment; enactment of inheritance and graduate auto license taxes.

The date for the submission and vote on the special tax levies and bonds as provided by the emergency relief measures was set for Saturday, May 24th, at a special election.

The resolution providing for the resubmission of the classification amendment, the emergency relief bill and emergency enabling act for the election, will be introduced next Tuesday.

GERMANY STILL UNBEATEN SAYS POLISH LEADER

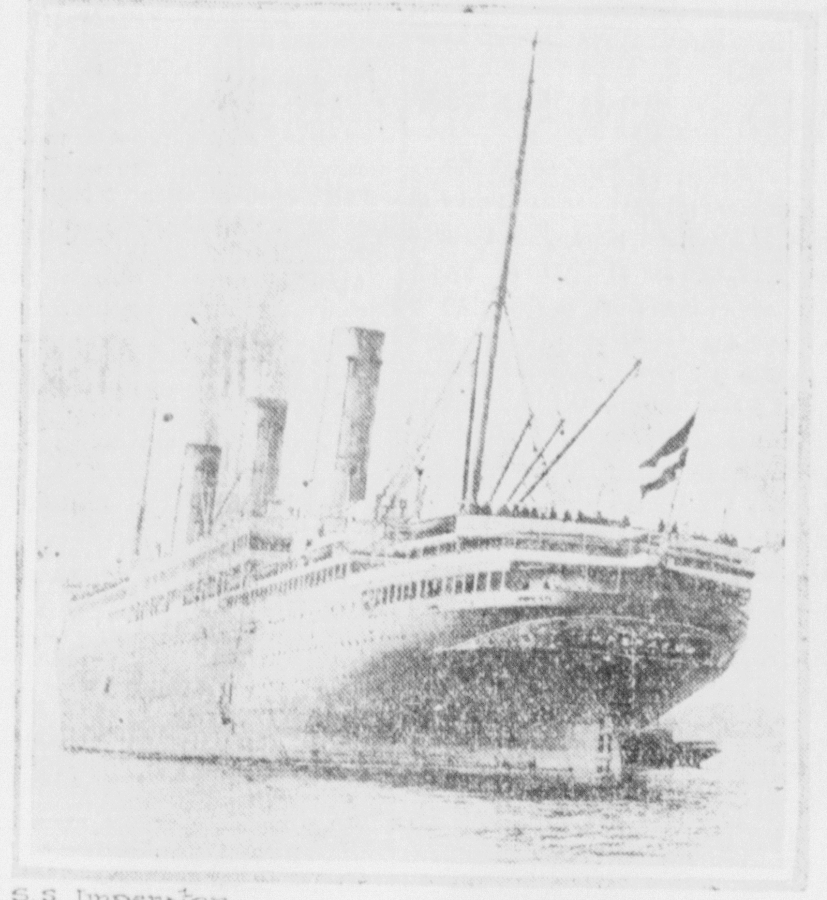

Paderewski Sees Danger Ahead Unless Teuton Crash on Russia is Released

Strong Poland Alone Can Thwart Scheming Huns, He Insists

(By Associated Press)
Warsaw, March 21.—Germany, although defeated in the west, is not yet beaten in the east and if her aims in that part of Europe are to be frustrated and there is to be peace there must be a strong Poland. Premier Paderewski of Poland declared today.

When outlining the present situation Premier Paderewski said: "The importance of the peace of Europe of a strong and united Poland cannot be exaggerated. Germany made war for markets and raw materials. The war has not yet been won. The same men who organized the present war count on reorganizing Russia in their own interests, and if they do so they will have an endless supply of labor and raw material. With these reinforcements Germany would inevitably stamp her domain on the whole world."

She is of 52,000 tons and is one of the eight German passenger liners turned over to the United States in return for foodstuffs.

(By Associated Press)
Columbus, O., March 21.—Bills providing for the reestablishment of the Ohio National Guard were introduced in both houses of the legislature today by Senator Jones and Representative Scott, chairmen of the Senate and House military affairs committee.

Among new provisions in the bill is the requirement that only men with previous military experience may be appointed as staff officers in the guard.

Kresal told the police he became dazed shortly after taking several drinks after his arrival. The stranger overlooked \$500 sewed in Kresal's clothing.

CANNOT AGREE ON PRESIDENT FOR COMMISSION

Germans and Allied Delegates Hitch on Who is to Head important Commission

(By Associated Press)
Paris, March 21.—A semi-official German note explaining the reason for breaking negotiations at Posen says it has been impossible to reach an agreement especially regarding the presidency of the commission controlling the situation there.

The Germans say they are considering the appointment of the president by Pope Benedict while the other Entente nations desire the permanent inter-allied commission to name the presiding officer.

The supreme council will consider the Posen situation today.

They were removed to Ellis Island, where deportation proceedings have been begun against them.

(By Associated Press)
Basle, March 21.—The president of the German armistice commission at Spa has presented a note to the inter-allied delegates asking if Germany should consider as true statements in the allied press that the peace treaty would be ready for the Germans as soon as President Wilson approved, but that the Germans would be allowed to neither discuss nor modify the document, according to the Berlin advices.

WILL ATTACK LEGALITY OF DRY MEASURE

Action of Distillers is to be Nation-Wide and be Final Effort to Retain Booze

New York, March 20.—The Committee of Distillers of the United States, representing the entire distilling industry, announced last night that steps were being taken to attack the constitutionality of the Federal prohibition amendment and the war-time prohibition act.

Levy Mayer, of Chicago, counsel for the organization, was instructed to arrange a suit to test the emergency prohibition law after the treaty of peace has been signed.

Action to bring about a judicial review of the Eighteenth Amendment, it was stated, would await the outcome of referendum elections in 13 states, where petitions calling for a popular vote on the "bone dry" enactment have been filed or are in circulation.

Mayer advised the committee that in states having referendum laws and whose Legislatures have ratified the amendment, the ratification would have no effect unless a majority of the votes cast in the elections favored the amendment.

The attorney also gave an opinion that if the war-time prohibition act is unconstitutional, manufacture of distilled spirits, forbidden by the President under the food conservation laws, could be resumed lawfully as soon as the war is ended.

In their discussion of measures to nullify the Federal amendment, the distillers named California, Washington, Oregon, Nevada, Idaho, Utah, New Mexico, Colorado, Michigan, Ohio, Missouri, Maine and Nebraska as states where referendum petitions have been or are to be circulated.

As 45 State Legislatures ratified the amendment, nine more than the necessary three-fourth, the distillers' announced plan of action could not be carried out if the people of more than four states approved the decision of their legislative bodies.

The distillers' attack on the war-time prohibition act follows the lines laid down by counsel for the brewers in their test suit filed here yesterday alleging that the law, having been enacted after the signing of the armistice went beyond the power of Congress to adopt measures for the national security and defense.

Members of the Distillers' Committee declared the decision to hold their litigation until the completion of peace negotiations was based on a desire to proceed only after the war emergency formally was declared a matter of history.

It was said the suit would be brought against the Collector of Internal Revenue and the Federal District Attorney "in some appropriate district."

TRAIN RIDERS ON STREET WORK

The unusual sight of a squad of men working under guard was attracting considerable attention on the city streets, Friday, when five train riders were turned over to the city by the Probate Judge and were promptly put to work sweeping and shoveling refuse from the main streets.

Most of the men worked with a will and will be kept busy if they don't escape, until the streets are placed in something like fair condition.

London, March 10.—(By Associated Press Correspondent)—The town crier of Swanage recently paraded the streets of the village declaring there was no beer in the place, but that a plentiful supply could be had in Kingston, a village five miles away.

It frequently happens that under the rationing system the available supply of beer, wines and liquors for a given public house or even an entire community is consumed at one sitting, and there must, then be a long wait until the regulations permit delivery of a new lot.

PROHIBITION SUFFRAGE AND TAXES TOO MUCH

Senator Bailey Declares He is Through With Democratic Party from Texas

(By Associated Press)

Newark, N. J., March 21.—Asserting that the Democratic party has "ceased to support democratic principles," former United States Senator Joseph W. Bailey, of Texas, declared in an address here last night that he would "never again vote for the candidate of any party which constantly reduces our liberty and unnecessarily increases our taxes."

Mr. Bailey, who was the principal speaker at the "victory banquet" of the Road Horse Association, blamed the Democratic party for the passage of the prohibition amendment to the constitution and for the near passage of the amendment granting suffrage to women.

"I have been a Democrat all my life," he said. "a 'collar' Democrat, if you please, and I have never scratched a party ticket. But those who now control the Democratic party have renounced or abandoned one Democratic principle after another in such rapidity and bewildering succession that they have left us nothing except the name."

"Since Thomas Jefferson founded it, the Democratic party has always insisted that every state should exclusively control the local affairs of its own people, but a Democratic Congress immolated that time-honored doctrine upon the altar of national prohibition and a majority voted to repeat the sacrifice in behalf of woman suffrage."

The doctrine of reverence for the constitution, he declared, had been altered until the constitution was regarded "as an obsolete scrap of paper."

"The liberty we have thought worth fighting for and dying for," he declared, "is the liberty of the individual—the right of every man to do for himself and with his own whatever he pleases, so long as he does not interfere with the right of other men to do the same."

"But in this day they tell us that it is better to be good than it is to be free and they have multiplied our penal statutes until the lawyers cannot carry even an index of them in their minds. We have restricted the rights of men until no civilized country on the globe interferes with the habits, the pleasures and the business of its people as much as this free government of the United States."

THE THINGS NEEDED NEEDED IN EUROPE

It is very important that garments for all ages and sexes be sent in for the hundreds of thousands abroad, who are in need of clothing. Announcement is made by The Ohio War Savings Committee that Sunday afternoon about three o'clock the airplane stunts which were to have been put on here Friday afternoon, but which were cancelled when Lieut. Tyler was injured and his plane destroyed in Cincinnati, will be presented Sunday afternoon, March 23d.

It is expected that a large variety of stunts will be performed by the airman who is coming in the interests of War Savings Stamp sales.

The stunts will be put on over this city, or at the edge of the city. The message announcing the coming of the airplane Sunday came to The Herald Friday afternoon and reads:

"Have just completed arrangements for second plane to take up War Savings tour from point where first plane was destroyed.

Your city is on schedule for March twenty-third, plane is piloted by Lieutenant R. C. Swann who takes place of Lieutenant B. C. Tyler, injured in accident.

Russian Hostility

The masses of the Russian people are growing hostile toward America, according to an Associated Press correspondent now in Russia.

While that development does occasion some surprise among many Americans, it should not have been unexpected.

True we have done nothing to offend the Russian people. Our feelings have always been kindly and our intention has been and is to assist them in every way possible. But that's the trouble, we have done nothing, and worse than all, have said nothing.

The administration has kept our Russian policy a closed book so far as the American public is concerned and so far as Russia is concerned also. It is time for America for her own good and for the good of the Russian people to announce a definite Russian policy. We should know what we are attempting and so should Russia. Either we should proceed with the execution of a definite plan or withdraw our soldiers from Russia and tell the peasants that the whole problem is up to them to solve.

The administration seems to be proceeding along its usual plan of keeping silent until the whole schedule is mapped out and then ask for approval of the people.

In time of war that plan of dealing with the American people was warranted, perhaps, but certainly not now.

The people want more than a chance to ratify these tremendous plans after they are made. They want an opportunity to take part in their formation. No wonder the Russian masses, ignorant as they are, accept the propaganda of their enemies and the enemies of America—it's all they hear. There is no denial made or no policy announced to the hopeless Russians who had looked so confidently to America for assistance and friendship.

Extra Session Probable

Members of the cabinet and other government officials are openly discussing the possibility of an extra session of Congress in the near future.

In fact it is suggested in some quarters that President Wilson's return home may occur several weeks in advance of previous plans in order to convene the legislative body in extra session to provide for the needs of the nation.

If the filibustering senators had placed the business of the nation above political ambition and personal "hate" there would be no need for the people to be harranged to death by a collection of notoriety-seeking politicians unfortunately members of Congress, during the spring and summer months.

It begins to look, though, as if all our suffering was not ended and that in order that the nation be preserved from humiliation in its financial affairs we must endure an extra session.

Buy Coal Now?

Most of the American people have been happy for several months past because of the understanding that the national fuel administration had "ceased to function" and in other ways to annoy and hamper them.

That understanding, however, judging by later reports seems to have been unwarranted by the facts or, at least, somewhat premature.

We have the announcement in the news of Thursday that the national fuel administration is not only alive but that it is once more insisting on giving advice. Buy coal for next winter at once—and this is only March—is the advice given. The record of that commission as an adviser is one of the dark spots in the whole war work program of the nation.

In the spring and summer of nineteen seventeen the fuel administration advised people not to buy coal and as a result the nearest approach to a complete coal famine and the most unheard of prices gripped the nation during one of the worst winters of history. Never will the people of America be able to forget the chaotic conditions prevailing during that awful winter of 1917-1918 and nine-tenths of the trouble was directly attributable to the bad advice given by the fuel administration.

Had the people been allowed to follow their own inclinations the demand for fuel during that time of transportation paralysis, high prices and urgent need would have been reduced at least by one-half.

If the fuel administration is still in the enjoyment of its official existence it should confine its activities to a minimum of advice giving and a maximum of endeavor to clear up a past record that is anything but a bright page in official history.

POEM FOR TODAY

HOMESICKNESS

I'm hearin' the call of the country.
Like it comes to a feller in spring
When the sun starts the sap to go
climbin'.

An' bluebirds are startin' to sing;
And the city has got me surrounded
Above and beneath and around,
But through all its walls and its can-
yons
I catch the perfume of the ground.

I catch the perfume of the furrows,
The plow turns so even and true,
The wind stirs the trees on the hill-
top,
The heavens are arching and blue.
The river's voice comes from the
valley,
And a wren's building out in the
shed—
Were I in my grave I would know it,
Though I were a hundred years
dead!

The children come to me and love
me,
And the room I have got is a
dream,
And it's warm—even warm in the
winter—
Warmed by a contrivance with
steam;
And nights when it rains in the city
I sleep, and don't know it at all
And now when the springtime is
coming
The country ways call me and call.

I long for the creak of the wagons,
I long for the pounding of hoofs,
And nights when the spring rains
are falling
I long for the sounds on the roofs;
I know the spring birds are a flutter,
New leaves deck the trees that I
know
And the newly turned furrows are
calling,
And my heart is coaxing to go.

News of Interest to Women

Washington friends of Mrs. Luella Herbert, for two months head of the sewing department of the Columbus Red Cross Chapter, will be interested to know that her most efficient services were recognized by the women with whom she was closely associated with her. The Ohio State Journal's society columns announce the giving in Mrs. Herbert's honor, of a luncheon at which these women acting as hostesses, presented her with a handsome wrist watch.

Mrs. E. L. Bush delightfully entertained the Thursday Kensington Club with a few fortunate additional guests, yesterday afternoon.

The home was prettily enfeited and luxuriant potted plants added to its attractiveness. Towards the close of the afternoon of congenial chat, carteress Woodson served a most tempting collation.

Mrs. Wert Shoop extended charming hospitality to the Thursday afternoon Euchre Club, serving a delicious luncheon at the close of the game.

Mrs. S. M. Daniels, of Kansas City, Mo., who is visiting Mrs. Shoop, was among those who participated.

To Jack Ryder of the Ohio State Journal belongs the credit of solving the meaning of the society editor's gentle ways when its almost press time, and her page is waiting to be locked up, a late lead story is waiting to be written, and impatient people are waiting on both phones.

Then she loses a bunch of copy and Jack Ryder says it—"When the society editor slams everything portable around on her desk, as she sometimes does, we suppose she means the same thing as the sporting editor does who he says it in words."

In these days of scarcity of help the Community Kitchen idea is growing in favor as a solution of the servant problem and in many cities the kitchens are being established.

A plan recently followed in organizing community kitchens in one of our large eastern cities was based on not more than 200 members.

These will be furnished two meals—luncheon and dinner—each day. By paying an extra sum the subscribers will be able to obtain the services of a maid to serve the dishes as well as wash them when the meals are over. "But while these benefits will be received, the cost of meals will be cheaper. This will be due to the fact that food will be purchased by the kitchen at wholesale rates and that most of the waste in preparation of a meal at home will be eliminated."

Scores of housewives in this city would, in all probability, eagerly welcome the community kitchen in this city were it established by competent management and capably operated.

The minor details are worked out differently according to community conditions.

SIMPLE SERVICES PRECEDE BURIAL

Beautiful in its appreciative tribute was the sad little service held at the home of Mr. and Mrs. W. P. Barnes over all that was mortal of Mrs. Homer Barnes Friday morning. Relatives and friends filled the large rooms and the atmosphere was charged with deep, personal sorrow and sympathy.

Around the quiet sleeper, their fragrance breathing affection and remembrance from family and friends far and near, lay a wealth of flowers, many of them Springtime's choicest blossoms.

Rev. Arthur P. Cherrington conducted the brief service of less than half an hour, reading the hymns "Jesus Savior Pilot Me" and "Come Ye Disconsolate."

There were few dry eyes during the reading of a beautiful sketch, written by Mrs. Myra Harvout, with much tenderness and giving "Glimpses of Charlotte in her Ashville Home." Although cousins, a closer relationship seemed to exist between Mrs. Harvout and Charlotte Willard during the years before the latter's marriage when she made her home with the Harvouts in Ashland Ohio, graduated from the Ashland High School, and grew from girlhood into lovable young womanhood. It was in the home that the charm of her winsome personality always made itself most felt and the little sketch recalled vividly the cheery disposition, the responsive sense of humor, the friendly and cheerful nature of one who won affection in whatever circle she moved. Especially close were the ties between her and her husband, the longest time that they had been separated in so many years of happy wedded life, a period of two weeks when business called him to another state.

The minister supplemented the sketch with a brief appreciation of the woman, quiet, considerate, generous in sympathy and active in the church work in Hillsboro as she had earlier been in Ashland.

The burial was made in the Washington cemetery, with Mr. Ben Barrere, of Wilmington, Messrs. W. D. Craig, Ray Maynard, and J. Edmund Smith acting as pall-bearers.

Those who came from a distance for the services were Dr. and Mrs. Robert Barnes, of Columbus, Mr. and Mrs. Ben Barrere, a sister, and family, Wilmington, Mr. and Mrs. Urban Hidy, a sister, Jeffersonville, Mrs. George Rea, Winchester, Mrs. Flora Flowers, of Dayton, Mr. and Mrs. W. Marchant and son Rollo of Milleville, Mrs. Carl Enteklin of Columbus, Mr. and Mrs. Willis McCafferty of Mt. Sterling, Mr. and Mrs. John Cannon of Jeffersonville, Mrs. McCoy of Wilmington, Mr. and Mrs. H. D. Cockerill of Good Hope, Mr. and Mrs. Frank L. Parrett, Prairie Pike, Mesdames Lyman Turner, Ben Strain and Mrs. Herbert Strain, of Hillsboro.

SLAYER OF JOHN MOSES ENDS LIFE WHEN CORNERED

Another Bloody Epoch In Series of Crimes at Hillsboro When Harry Lovett Cuts Throat.

Had Confessed to Murder of Merchant and Was About To be Captured When he Cheated Law.

Harry Lovett, aged 25, laborer, when surrounded by officers early today with hope of escape cut off, drew a razor and cut his throat, dying a few minutes later. He had previously confessed to the murder of John Moses, Syrian merchant, who was foully murdered in his place of business on Sunday, March 9th.
The confession of the man and his spectacular ending clear up the suspicions that had pointed toward Homer Barnes being implicated in the Moses murder.
For several days Marshal W. H. Walker has been at work on evidence implicating Lovett in the Moses murder, and Thursday afternoon he

succeeded in obtaining a written confession from the man in the nature of a letter addressed to his wife and parents, and which stated that the writer intended to commit suicide.
However, Marshal Walker went under the assumption that the man would not kill himself as indicated, and early Friday morning was watching for the man at the home of his father, James Lovett, farmer residing two and one-half miles southwest of Hillsboro. He was accompanied by a deputy sheriff, and when they saw their man going from the house to the barn, they gave chase and Lovett fled. The deputy sheriff in an automobile endeavored to head him off and succeeded in getting ahead of him and upon a large hill. Lovett appeared on this hill and was within a short distance of the deputy sheriff before he realized that he was trapped. The deputy sheriff pulled a gun on Lovett and ordered him to halt. Lovett shoved a hand into his pocket and in a twinkling had flashed a razor and drew it heavily across his throat, leaving a great gash from ear to ear. He fell to the ground and expired within a few moments.

In addition to the letter of confession left by the man, a pair of trousers and shoes, which had come from the Moses store, were found at his home on West South Street.

According to the story told by Lovett's wife to Marshal Walker, Lovett had gone up town about nine o'clock on the day Moses was murdered.

The letter left by the man mentions an accomplice in the crime, but this is believed to be false. The letter follows:

"I am writing you this letter to let you know I did it. There is another party in it, but I won't tell who it was. I have caused you more trouble than all the rest. You will know where I am soon and what I am doing. God bless you, and what you all have done for me, and it wasn't done for money either, for I didn't get a damned cent. All of you be good and try not to think of me any more than you can help, for I ain't worth it. When you read this I won't be alive. For God's sake, take good care of Nell, for she surely has been good to me. Goodbye to all—God bless you all."

This note, signed with 10 crosses was addressed "Dear Parents."

REPORTED DEAD IS BACK HOME

Sabina citizens who had mourned William Morrow, of that place, having died in France, were much surprised and pleased when he stepped from a train at his home town.

Morrow had been reported killed, and nothing to the contrary had been learned until he suddenly appeared, sound and well.

The young man stated that he had been gassed and seriously wounded in one leg, being taken to a field hospital some 200 miles back of the firing lines. Thus, he states, the word got out that he was dead, the hospital in some way losing the record of his transfer to the other hospital.

"Where are my reading glasses?"

Mischievous daughter has picked Daddy's pocket and watches him gleefully as he searches in vain for his reading glasses.

If Daddy wore KRYPTOK Glasses he would be freed from the "off-and-on" nuisance of the two-pairs-of-glasses bother, because KRYPTOKS (pronounced Crip-toks) would give him, in one pair of glasses, the necessary correction for both reading and distance.

And KRYPTOKS give him this convenience without that drawback of other bifocals—the conspicuous age-revealing seam or hump.

KRYPTOK GLASSES
THE INVISIBLE BIFOCALS
are crystal clear—their surfaces smooth and even. They cannot be distinguished from ordinary lenses. That's why KRYPTOKS are called "the invisible bifocals." We are competent to meet the optical needs and tastes of the most exacting patron. Call at your convenience.

CHAMPIONSHIP CUP NOW ON DISPLAY

The handsome silver Trophy Cup which was tentatively won by the local High School basketball team, is now on display in the window of Rodecker's News-Store.

The cup is fully one foot in height and is indeed a gem of the silversmith's art.

The cup carries with it the title of champions of South Central Ohio but must be won two years in succession, before it can be permanently claimed by any school.

With the strong team which Washington will have on hand for next season there is every indication that the cup will remain in the city permanently and names of members of the winning teams may then be engraved on it.

No Taxes to Pay

We have for sale some Sears & Nichols 7 percent nontaxable preferred stock; C. and E. Shoe Company (Columbus) 7 percent nontaxable preferred stock; Southern Cattle Feeding 7 percent nontaxable preferred stock. Dividends payable quarterly and semi-annually.

When the assessor comes around in April you will not have to return these stocks for taxation, as the companies pay the taxes themselves. Doesn't 7 percent, free from taxation in Ohio, sound good to you? One of the most successful business men in Fayette county, who holds large amounts of preferred stocks, said this week: "I regard tax-free 6 to 8 percent preferred stocks in good companies about the best investment a person can make, as you have something worthwhile left from your income at the end of the year."

If you have \$100 to \$10,000 that is showing you less than 7 percent net, see us and we will explain fully the merits of the above named stocks. Many are buying them.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

AUTO THIEVES' VOCATION IN OHIO DOOMED

The Automobile Registering Company, a Corporation recently organized under the laws of the State of Ohio, with main offices in Cleveland, is now in position to make life miserable, and successful theft impossible for the auto thief.

We have special representatives all over the State, whose training and qualifications eminently fit them for the work of running down auto thieves.

This corporation is in a position to offer the Auto Owners protection for the nominal sum of \$2 per year. Upon discovery of the theft, immediately notify your local Police and Sheriff and also our main office, Superior Building, Cleveland, O., and we will send the alarm to all our Operatives over the State, your Chief of Police or Sheriff will call at once the counties adjoining your county at our expense.

Give as far as possible make and model of car, number of chassis, engine, license, color of body, wheels and top, and any special marks. Give your correct post office address.

ALL DUES PAYABLE IN ADVANCE AT OUR BRANCH OFFICE.

For the counties of Fayette, Ross, Highland, Pickaway, Greene, Madison, Clark and Clinton, mail application and check to

HENRY W. JONES,
District Mgr. Washington C. H., Ohio.

N. B.—Become a member today; don't wait until your machine is stolen. This service is very cheap to you. Ask anyone who has had one stolen. **YOUR SHERIFF AND CHIEF OF POLICE** will tell you they are constantly receiving complaints of stolen cars. While Sheriff, I had four years of this experience. Notice your daily papers. Thousands stolen in Ohio every year.

Officers in trying to do their duty have always been handicapped from the fact that if they halted a car because of the suspicious action of the driver, then looked at the engine number, there would be no place to call and find out the real owner of the car. **THE THIEVES ALL KNOW THIS FACT** and plan accordingly, first throwing away your license tag, then putting on some other license, giving what appears to be a good plausible story (this is always their strong stall) and are allowed to go on their way. **DON'T BLAME YOUR OFFICERS.** They always do all they can to help you recover your car. You can help them do their duty for you by becoming a member of the Automobile Registering Co. It affords you more protection and gives the officers a system to run down thieves. —Adv.

Charles D. Snider, former baker of this city and who for the past five years has been located in Xenia, has disposed of his bakery to Paul W. Stiles, who will assume the management of the bakery next week. Regarding the transaction the Xenia Gazette says:

"Mrs. Stiles has been connected with the Snider Bakery for five years working there until the time of her marriage to Mr. Stiles and afterwards when he was in the Navy. She will continue in an official capacity at the bakery under her husband's ownership."

"Mr. Snider has been in ill health for some time suffering from rheumatism and he is retiring from active business with the purpose of taking a rest. As far as possible all local labor is being employed and will be until the handsome new stone structure is a reality.

SPRING FLOWERS PUSHING FORTH

The first spring flowers are pushing forth in the sheltered spots and at Rock Mills, where the first violets usually burst forth, large beds of flowers are showing evidence of early bloom.

The mild weather and recent rains have given the grass, wheat and early leafing shrubbery a jolt that has aroused them from their wintry sleep and the first day of spring finds the season probably further advanced than usual.

Delicate Children Vinol is What They Need

More than eight thousand druggists recommend Vinol because it contains in deliciously palatable form the oldest and most famous reconstructive tonics known to medicine. During the last sixteen years it has brought health and happiness to thousands of puny, ailing, anaemic children.

HERE IS PROOF

Middletown, Conn. "I used Vinol for my little girl five years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter."—Mrs. C. B. Wilkinson.

Manville, R.I. "The whooping cough,—and later the measles left my little boy of eight years with no appetite, thin, frail, delicate and tired all the time. After everything else had failed Vinol gave him a hearty appetite, restored his strength and he is now as well as ever."—Mrs. James H. Hall.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.
